IS It "Just a Cold"?

Norway People Should Ask Themselves This Question

Don't say: "It's just a cold." It may turn into backache, rheumatic aches, aching joints. Or other serious sickness that comes from weak kidneys.

Colds are due to congestion. Congestion makes the kidneys over-work to filter the blood. Colds often leave the kidneys weak. First break the cold; Then use Doan's Kidney Pills to avert the kidney dangers.

Let this Norway resident tell you about them. W. O. Needham, ret. farmer, 230 Main St., says: "At different times when I have taken a cold my kidneys were affected. I began using Doan's Kidney Pills when I felt that my kidneys needed a tonic. Doan's always strengthened my kidneys and cleared my system of the excessive uric acid. I always feel better in a short time after using this remedy. I always get my supply at F. P. Stone's Drug Store." (Statement given July 24, 1908.)

On September 3, 1920 Mr. Needham said, "I haven't changed my good opinion of Doan's Kidney Pills since recommending them many years ago. Doan's benefited me greatly."

Who's Getting

The Butter and Egg Money—NOW

When eggs were 12 cents a dozen and print butter 15 cents a pound the farmer's wife received the butter and egg money for pin money.

Those were the days when shaves cost a dime, gasoline brought 8 cents a gallon, ice cream sodas, any flavor, were 5 cents each, housework girls were paid \$2.50 per week, and a respectable suit of men's clothes sold for \$18.00.

Today, that same respectable suit—embellished in style, improved in material, trade marked and guaranteed, and nationally known has not doubled up in price while eight-tenths of the other necessities of life have advanced to three and four times their former price. And still the clothier is being panned hard and raked over the coals often for keeping up his prices.

Men of South Paris and vicinity, this homely editorial is being plainly penned to impress upon you the plain truth. The price of men's wear has dropped not by the thimble full, but by the dipper full and it only takes a comparative observation of a thousand and one other things to see that the clothier—retailer and manufacturer—has done and is still doing more than his share to bring back those days when a seat at your favorite movie costs a nickel.

Get-Together of Classes of '88 and '89
The annual "Get-Together" of Gould's Academy, 1888 and 1889 was held Aug. 17th as that was the Wednesday nearest the 15th this year. At 10:30 A. M., the former classmates met on the dear old spot and after looking the Academy over and marvelling at the improvements being made, they took autos for the Russell Grove on the bank of the Androscoggin. It was a perfect day, a beautiful location, and the happy group of old friends gathered around for a picnic with a bountiful spread of good things.

After the picnic lunch, Harry Jordan called a brief business session at which Mr. Herbert C. Rowe read a report concerning the picture of Daniel Gould which is being put in condition to be hung in the Academy. Mrs. Alice Bean Jordan read a report from Mrs. Alice Chamberling Gehring concerning the motto: "To Thine Own Self Be True."

It was voted to have a wholly different style of motto than had been previously planned and Frances Carter and Mr. Rowe were appointed to attend to it.

Mrs. Jordan read the letters from absent members including a splendid letter from Mr. Linscott and a telegram from our one graduate, Chase Chapman Gould. All present then stood in loving memory of the one who has passed beyond this year, Inez Stuart Cummings of Norway, while an appropriate poem was read by Ruby Clark Eldredge.

Mrs. Russell had kindly sent Lucy Larum's poem written at Sunset Lodge, "On the Ledge," and this was read by Mrs. Alice Purington Holt, also the poem, "Along the Androscoggin," written by Nellie Shirley Russell and read by Mrs. Emma Jones Van Den Kerckhoven.

Mr. and Mrs. Harry Jordan were the local committee for this year. Mr. and Mrs. Alphonse Van Der Kerckhoven were elected to serve as the committee to arrange for next year's program, Aug. 16, 1922.

They closed by singing the "Get Together" song written by Addie Gordon. Long may the students of our beloved Gould's gather in memory of happy years gone by, and long may she be a blessing of future generations.

OTISFIELD

George H. Knight
George H. Knight, 78, a life-long resident of Otisfield and veteran of the Civil War, died at the Maine General hospital, Portland, Wednesday, August 17.

Mr. Knight was born at Spurr's Corner, November 5, 1842, one of seven children of the late Benjamin and Phoebe (Lull) Knight. He was a grandson of the Rev. Joseph Lull, of early Methodist minister of this section.

At the outbreak of the Civil War, Mr. Knight enlisted in Company E, 10th Maine Regiment, serving under Gen. George L. Beal of Norway. He saw two years' active service with the Army of the Potomac. He then re-enlisted in the Regular Army for five years additional service on the Western frontier under Gen. Custer.

After these seven years' service for his country, he returned to his home in Otisfield. In 1872, the family bought the large farm at East Otisfield where, since the death of his father, Mr. Knight had been the head of the family.

Mr. Knight was unmarried and a widowed sister has been his housekeeper.

Mr. Knight joined the Charles S. Bickmore Post of Edes Falls, but was transferred to the T. A. Roberts Post of Oxford, April 20, 1902. He served the latter Post as quartermaster and commander, and he regularly attended the meetings until there were so few members left that they ceased to hold regular meetings; since when he has been greatly interested in and helpful at the meetings of the Relief Corps which he attended quite regularly. He attended nearly all the State Encampments and some of the National Encampments.

He is survived by two sisters, Mrs. Rosamond Bowker of Oxford and Mrs. Hester Hill, who lived with him; a brother, Joseph L., who has been head nurse in the Portland City hospital for 30 years and who took a vacation when Mr. Knight entered the M. G. hospital so that he might help care for the elder brother; and a grand nephew, Albert Bowker, who lived in the Knight family.

The funeral services, conducted by Rev. Mr. Kneeland, were held from the late home, Friday, August 19, a delegation from the T. A. Roberts Post Relief Corps attending. The G. A. R. funeral services were held at the grave. Interment at Elmwood cemetery, East Otisfield.

The "Dove" designs are of great beauty, really a revelation. The feminine touches given by the dainty embroidery designs and lace trimmings cause many women to consider them the most beautiful of any kind of silk lingerie.

Stinson happened to be among the spectators and exchanged regular money for the souvenirs, they also nabbed the trader. He was taken to Mechanic Falls and bound over to Carl P. Dunham has negotiated the sale of his bungalow on Pine street to Leon Maxim of Paris Hill, who will occupy the premises.

AUGUSTA WOMAN SAYS IT'S GRAND

Mrs. Cobb Declares Tanlac Put Her in Better Health Than for Three Years

"Tanlac was just what I needed to build me up and I am now in better health than I have been for three years," said Mrs. Nora Cobb of 11 Howard St., Augusta, Me.

"At the time I began taking Tanlac I had absolutely no appetite and the little I forced myself to eat caused gas to form which pressed against my heart till I was in perfect misery. I had severe bilious attacks, and felt dull, sluggish and tired all the time."

"I had rheumatism in my arms, chest and shoulders and my hands were all swollen up. I was very nervous and rolled and tossed for hours at night and woke up in the morning feeling so weak it was all I could do to get up."

"A friend of mine had been benefited so much by Tanlac I decided to give it a trial, and it's just wonderful how it has overcome my troubles. Why, I am hungry all the time and nothing ever hurts me the least bit."

"My rheumatism is all gone, I feel strong and well and my work is actually a pleasure. My brother, who lives in Boston, has taken Tanlac on my recommendation, and it has relieved him of all his troubles, too. It is truly a grand medicine."

ESSEX

At the old price owners said:

"The best car I ever owned"

Have had wonderful service from my Essex, purchased from you in January. Haven't spent one cent for repairs. Have owned several other cars, but none to equal the Essex.

W. C. BEST,
John Finnigan Co.,
Shreveport, La.

"I have owned a number of higher priced cars, but have gotten more satisfactory service out of my Essex Sedan than any other car I ever used. Have driven it 22,900 miles,

and haven't been without the use of it an entire day since I bought it."

W. P. HOG, President,
Eagle Saw Works,
Chattanooga, Tenn.

"Have previously owned three other cars of very popular make, but my Essex showed me what a properly and well designed car is."

OTTO W. NELSON,
Nelson Tool & Machine Co.,
Inc.,
Newark, N. J.

"The Essex is the seventh automobile I have owned, and by far the best. It is cleverly designed, splendidly built, economical of oil, fuel and tires. I am very largely interested in teaching the theory and construction of motor car engines in my work."

EDWARD H. GOODRICH,
Director of Science and Automobile Dept.,
Technical High School,
Springfield, Mass.

—they valued it far above its cost, then—

"I have previously owned 14 different makes of cars, ranging up to \$3500. Have found the weak spot in all of them but Essex. My total mileage is 38,598 miles at a total repair cost of \$91.52."

A. C. ALEXANDER, M. D.
Peñacook, N. H.

"To sum up I am so pleased with my car in every particular that I do not know of any make within \$1,000 of its price class that I would have in preference to the Essex."

H. R. McCLANAHAN
Jones & McClanahan,
Shreveport, La.

"I do not believe there is a car on the market today that will give the service the Essex car will give for \$1,000 more."

N. D. NAMAN,
Naman's Inc.,
Waco, Tex.

and now you save \$420

Where can you get such a value?

The Essex has always been an outstanding value by every standard of price and quality comparison.

Since its reduction of price this advantage is even more evident. Especially interesting now is apriori to price measurement of the Essex against cars you have regarded as comparable to it in quality.

Will you today find any car that even approaches Essex in quality and ability, within hundreds of dollars of its cost? And doesn't its low cost with such quality appeal to judicious buyers, whether they are considering a car slightly less in cost, or have been seeking Essex quality in some much costlier car?

—Meredith Center, N. H.

The above is blank verse poetry and equal to any I ever wrote and as good as some that I have read excepting of course, rhyme flowing from the paint brush of Fred M. Davis of Norway, Maine.

The guide-post at School House Corner has become tired and laid down to rest.

Six weeks after you hear the song of the first cricket frost comes. Watch and see!

Mrs. G. E. Bowen is at the Massachusetts General hospital. Her husband tells me that some time ago she had one kidney removed and is now back in the hospital to have the other one taken out.

A car load of visiting summer "Cack-le-Giggles" accompanied Walter and I to the city the other day. The surprising thing is all of them got back to the car and were ready to return home at the appointed time. This is so much out of the ordinary as to be worthy of mention in your paper. This is the first time it ever happened!

The United States pay the biggest wages of any country in the world; England next followed by France, Japan and Germany the lowest. Average paid a common laborer in this country is \$13.15 per week. England \$12.22; Germany \$5.52 and Japan \$4.50. I pay \$3.00 per day for a man to mow bushes and ten dollars for attending church once a year!

Important item: Yellow field corn on the table the 13th. One hill of potatoes yielded eight good ones. Enough for a mess! They were white, mealy and cracked open when boiled. Make a mark in the Almanac opposite the 13th of August. The Almanac hangs on a nail beside the door under the clock. That's the place where important farm events are recorded.

My sleeping room is adorned with a machinist's lathe. It is run by foot-power and when not in use the fly-wheel is chained and locked. This is probably done to keep Walter and I from monkeying with it in our dreams and breaking tools. There is a big display of lathe dogs and tools in our bedroom but so long as the lathe is on the wheel we cannot operate them and their owner feels safe.

In September, 1914, a set of farm buildings were struck by lightning and burnt. They have not been rebuilt. I recently discovered in the cellar among the growing bushes and cleared timbers a good sized iron safe. Its owner confidentially volunteers the information that the only thing left in the safe at the time of the fire was a quart of rye whiskey and that he is now seriously thinking of having the safe opened. I'm greatly interested and seldom pass that way without looking at the safe and wondering if he is telling the truth or stringing me.

Political Statement: George Sanborn, Ex-editor of the Meredith News, became postmaster when the democrats got in power. Now, Will Lance, present editor of the News stands in line for the office. He'll get it too! Thus political debts on both sides of the fence will be paid. It has been the custom in this State from the days of Isaac Hill to the present that the office of postmaster belongs to the local editor of the town if he wants it. Lance wants it and no doubt will get it. This political principal cannot with impunity be set aside, no matter how many other worthy candidates are in the field.

Hon. George G. Fogg was born at Meredith Center. He became an editor and politician at the State Capital and was minister to Switzerland during the Rebellion. When he died he left a thousand dollars in trust for the benefit of School district No. 9, also many books. Where the books now are I do not know but the interest on the Fogg fund is expended at the Corner school, where the Science Arts Room is being built.

I remember Mr. Fogg, he was related to the Edgerleys and his coming occasioned not a little commotion among the first citizens at the Center. The best was put on the table and cider was drawn from the choicest barrel and drank from goblets instead of tumblers. My aunt would dress the table in her choicest linen and china, using silver knives and forks. She always cautioned me to keep still and make no remarks about any of the unusual things I saw on the table.

At one of these functions I recall old Dr. Perley of Laconia, drank the whey from off the custard pudding by lifting his plate with both hands to his mouth—something I was not allowed to do. I made no remarks and wondered why she would allow him to do such a thing and not me.

This was in the dark days of the war when brown sugar and molasses were used for sweetening—but the small red-spotted china bowl containing white sugar, was on the table—and I said not a word. Think of it. The bare thought of the danger I then escaped makes me shudder even now after a lapse of over a half century.

A Fisk cord tire bought of N. U. Greenland of Norway run 1400 miles and blew out. It was guaranteed to run from four to six thousand miles. The tire has been sent to the Fisk Agency at Manchester for adjustment. This means delay, correspondence and a hassle which will end in nothing being done.

I changed from the U. S. Tire people because they wouldn't do as they agreed and expect to change from the Fisk people for the same cause. I'd like to find a tire manufacturer who would live up to their agreement. Do you know of one? If so let me know and I'll use their make of tires.

—P. S.—In less than three days I had a new tire back with a charge of considerable less than a cent a mile for what the old tire had run. This is fair and I shall continue to do business with Fisk people.

A Domestic Science Arts Room, or a Science Arts Room is to be built in the school house at the corner where the tired guide-board rests on the ground. School Superintendent Buker recently called at the house and gave instructions to Richard Daniel and told what was wanted and authorized him (Daniel) to buy boards, hardware and paint at the village and "then rides away in a cloud of dust."

Richard, for that is the first name of

Daniel, walks to the village four miles and orders the material to be sent to the school house by the mail carrier and walks home—eight miles.

He waits at the corner for the material which did not come and then hunted up the stage-man to be told he forgot to call at the store.

Daniel sits on the school house door-rock, smokes and meditates and wonders why that mail-carrier would persist in forgetting like Merton McAllister of the East Stoneham line in Maine. This is repeated for three days.

Then Daniel, whose first name is Richard, fired with indignant desperation, walks to the village to see about it.

Up to this writing, over a week, work has not commenced on the Science Arts Room at Lazy Guide-Board Corner.

Four times I've been at a store in the city to see about buying a one-pipe heater for an 8-room bungalow. The first time the man was out also the following three times. Each time I talked with a pleasant faced, well-dressed female regarding the object of the call.

"Caloric" literature and local references were more or less gingerly given on my first visit. On the second and third apologies were offered for the absence of the proprietor coupled with the excuse that he had gone to Bridgton, Maine, to attend a horse race.

She showed no interest in making a sale not even to the extent of asking my name or address.

The fourth time she was sure the proprietor, whose car was at the door, would shortly be in and requested me to wait. He did not come and on leaving she asked my name and address "so her boss could look me up."

I presume this is the modern way of doing business but very much unlike that of the late Geo. Wilkins or gruff old Sam Sanders. They did not live in the draped-eared-stenographic-gasoline-gay days of the present!

They were workers and carried no good-luck horse-shoes on the dasher of their wagons!

Mrs. Grover Cleveland Preston was pointed out to us at a recent auction. She stood on the fire-line near the auctioneer and was greatly interested in the sale. She is a maternally looking lady of perhaps 60, who modestly enjoyed the attention she received with complaisant dignity.

I made one purchase and it came about this way:

"Sir, I shall have to disturb you, I want my chair."

"So do I want it," I was sitting in it.

"You can have it for the price I paid as I have two others just like it."

The sixty-five cents was paid and I now have it in the barn. I shall take this chair when I attend other auctions, Old Home gatherings and the Reunion at The Wiers the last of the month. It is a folding affair and very convenient for an old man with lazy legs.

NEWRY

The school here began August 22nd under the instruction of Alma Whitman of Woodstock.

Chan. Scribner visited at Harlan Bartlett's last Sunday.

Mr. and Mrs. Leslie Corbett were at home last Sunday.

There is a man in your town who hears most of the town talk that is floating around. If it is at the expense of some other person he does not form a fixed opinion at once. He knows there is another side to the story. Sooner or later he will hear that other side. Then he will compare them both, make allowances both ways, and come very near to hitting upon the truth of the case. That fellow has brains and knows how to use them. Perhaps you are that fellow.

McIntire-Savin Reunion

After a lapse of fifteen years, the McIntire-Savin reunion was again held at Pine Lodge, August 14th, on the shore of Pappoose Pond. Although the morning was wet and showers were frequent, very few who were planning on the day were kept at home because of the threatening weather and nearly fifty relatives gathered under the pines. Many loved faces were missing from the group who had been welcomed here in the past and many new ones are added to the number. Only two members of the first generation who conceived these meetings were there that day. Mr. and Mrs. C. P. Riggs. Only one other of this generation is left, Mrs. Hattie H. Merrill of West Paris, who was unable to attend, all the others are holding their reunion in the Great Beyond.

There were, as always before, three generations represented among the number. Photographs were taken by Mrs. Henry Miller and Glenn McIntire. Those present were Mr. and Mrs. C. P. Riggs, Mr. and Mrs. Henry Miller, Mr. and Mrs. L. E. McIntire, Mr. and Mrs. Merritt Sawin, Mrs. Martha Savin, Mr. and Mrs. B. G. McIntire, Mr. and Mrs. Harry Sawin, Mr. and Mrs. C. H. Pridie, Mrs. Ida Gibbs, Mr. and Mrs. Clayton McIntire, Mr. and Mrs. Eugene Pinkham, Mrs. Annie Holt, Mr. and Mrs. Arthur Millett, Mrs. Merton Kimball, Glenn McIntire, Marjorie Pridie, Phyllis Savin, Kathleen McIntire, Glyndon Savin, Lottie Savin, Ruth Holt, Howard Millett, Richard Holt, Elizabeth Millett, Myron McIntire, Edna Kimball, Edward Holt, Sylvia Millett, Ethel Kimball, Mary McIntire, Merritt Kimball, Elsie Millett, all relatives. Mr. and Mrs. Woodman Charles, Hugh Foster and Marion Davis were invited guests.

After the noon lunch was eaten and cleared away, several photographs were taken, bathing suits were donned and swimming and bathing was a part of the program. The ground by the shore of the lake was red with small mountain cranberries and many carried home enough of the fruit to fill small cans which could be eaten in the coming winter and taste the sweeter as they brought back memories of this pleasant day spent by the lovely little lake among so many of own kindred, who shall deny that blood is thicker than water? Many thanks are due the McIntires for their efforts to bring about this happy meeting.

John McAllister and family have moved to their new home at North Waterford. John Lord of North Waterford called on his daughter, Mrs. Ernest Brown, Saturday.

Preston Flint was at North Waterford last Saturday. He says that his mother, Mrs. Etta Flint, has not fully recovered from the fall she had several weeks ago. She is still very lame.

Ingalls and Fred McAllister and Ernest Grover helped Merritt Savin pick sweet corn, recently. Mrs. Grover visited there the same day. Mr. and Mrs. Holden Sawen were also there. Mrs. Nora Dresser and Mrs. Sadie Holt of North Waterford called there Sunday evening.

Mr. and Mrs. E. C. Henley and five children are visiting Mrs. Henley's home at Warner, N. H. Berkely Henley is keeping bachelor's quarters and generally running the ranch while they are away. Dr. Fisher of Camp Wigwam, South Waterford, was at Herman Holt's Wednesday and took some pictures of the baby rabbit which they caught and have named. Their collie dog, Bonnie, and the little rabbit are great friends. The doctor is a teacher of nature studies at the camp and consequently interested in the "queer friends."

Mrs. Merton Kimball and three children of South Waterford visited several days at her home here.

The need of rain is being badly felt around here. Wells, springs and pastures are getting dry. Some have to procure water at quite a distance for their cattle.

SOUTH HARRISON

Mrs. Ray Lapham

Mrs. Ray Lapham passed away, Aug. 24th, at her home in Bridgton after a long and painful illness.

She was born in Harrison, March 29th, 1890, and was the daughter of the late Richard Landon and Ella (Landon) Chaplin. Her first husband was William E. Burnham, who died several years ago leaving her with one daughter, Helena C. Burnham of Harrison. Her second husband was Ray Lapham of Oxford, who survives her, also two small children, Araminta and Raymond. She also leaves to mourn their loss, a mother, Mrs. Albert Chaplin, and two brothers, Fred Russell of Westbrook and Chester Russell of Smith's Mills; also a sister, Mrs. Walter Mains, who has faithfully ministered to her sister much of the time during her illness.

Funeral services were held at the Advent Chapel at Bridgton, Friday, Aug. 26th, conducted by Mrs. Flora Ham, who spoke many words of comfort to the bereaved family and friends. Burial at Forest cemetery. There were beautiful flowers sent showing their love for the departed.
